KARAKARA KEMURI
大正吸血鬼浪漫譚
煉獄に笑う
"I'll tell you something that can bring you closer to that dream."
"But in return, you have to cooperate with us, Sakichi."
That's what he said.
If I cooperate, he will tell me everything about the Orochi and about the true meaning of the Kumoi
第11話

Just what's this?
However...
I have no intention to serve anyone but Hideyoshi-sama!
If you keep shouting the Iga ninja will find us
Guh..
You're loud, manservant.
Man-servant!?
Ah?
You said you'd do anything I told you to, right?
I told you I would cooperate with you
You wanna know that badly?
Of course I do! I need to take the vessel under my protection before the Orochi's powers are used for nefarious deeds!
How about you tell me who the Orochi vessel is, if you now are the Dokuro-Hoozuki?

Under your protection, huh...
Let me tell you something good.
My clan has been tasked with exterminating the Orochi since ancient times.
The Kumou family is the house of the 'shield', you see Okuni and I have that du- as the eighth head.
That's...
What's wrong?
I have no interest in something like that.
Then are you also part of the anti Orochi revival group?
Don't treat us as your comrades.

Who're you?
Huh?
You don't know!?
Gah
Save me!!!

Nobunaga-sama's son.
Who's he?
Ooh, that famous...
Nobukatsu-sama?
So you did know!
Thats right! I am that Oda Nobunaga's son! I am Nobukatsu!!
Do not treat me like you are my equal!
Oda clan second son Oda Nobukatsu
My name is Sakichi, I serve Hideyoshi sama.
You're one of Saru's!?
Muh!?
Save me!
Father's retainer's retainer is my retainers!!

Wha—
Iga ninja...?
Kai!
Hii!
I cannot move, Nehalennia-sama!

These soldiers were yours?
They're heeree?
You are mistaken!
I simply came here to scout for a good location for a castle!
You sure are a loud Lord Sir

Shut it
Ranmi!
Small fry

!
This is bad!
They're moving in on his blind side! He's at a disadvantage on his left side...!

Don't underestimate a shield
Who's at a disadvantage?
Alright! I will hire you as my body guard!!
Aahn?
Shield.

Kumma ?
Kumma Saren.
Rejoice. You can become the Nohdatsu's underling!
What is your name?
I know about you! You were born from the belly of a beast!
Nohdatsu -sama.
Are you one of the purgatory children from the Cloud Shrine. ?
She must have been incredibly stupid.
I cannot comprehend how your mother could have given birth to you despite knowing you were children of misfortune.
It seems Oumi is clouded over because you two are cursed.

I see!
I've heard about you as well
Nobukatsu-sama is famous after all
You are going too far
Wh-what?
Nobukatsu-sama
Oh, but everyone says it
That despite being Nobunaga-sama's son, you have no talent for battle
You're wrong!
For being an incompetent dimwit of a son, that is
That's why you decided to build a castle on Iga's land?
That's right!
I am also working hard to be of use to Father—!
I am also

Father is aiming to expand his power after all
There is no doubt that he will be pleased if I overtake Iga!
Are you intending to invade Iga?
Yeah. That type of guy will easily fall, everything F provoked
Did you do it on purpose ?
!
Alright, we've found out why Nobukatsu-sama is in a place like this so let's go
Oooh
I know some of Iga's top secrets!!
It's true!!
Don't follow us
Wai-wait Don't leave me behind!!!

They intend to set Oumi on fire today!!
!?
Tell us everything

So Iga's aim really is to cause confusion within Oda's forces.
Right now, there is a work troop headed for Oumi
It is true that losing such a prosperous market would be a hard blow
they plan to burn down Oumi's market
I-- I heard that since the rebellion within Kunitomo failed.
Are you going to leave Okuni with Iga!?
Where are you going?
Okuni is strong. Much stronger than I am.
I have to inform Father of this. Escort me to the castle
O--ui!
Perhaps neither
Ni...
Does he believe in Okuni that much? Or is Oumi simply less important to him?
Is his concern for Oumi more important than his sister?

What he said bothers me
His words and acts are complete opposites.
What is truth and what is lie...
Moreover, are these twins really the Dokuro-Hoozuki?
They are liars.
It is not that they won't tell who the Orochi vessel is, it's that they don't know.
"Shield"
盾
There is a possibility that they are covering for the real Dokuro-Hoozuki...
